

STERLING TOOLS LIMITED

Since 1981, we at STL have been engaged in the manufacturing and marketing of high tensile cold forged fasteners. Today, we are among the leading OEM suppliers in India serving the needs of leading automotive companies in India, Europe and USA. A large part of this success can be credited to our competent workforce that has helped us surpass new boundaries at every step. It is through their contribution that we have been able to achieve our corporate vision of “sustainable growth through overall excellence”.
